

Media programme: at a glance

Time	Monday, 19/6	Time	Tuesday, 20/6	Time	Wednesday, 21/6
9:00	Registration	8:30	Plenary Session 2 SESAR project (EU) and NGATS Initiative (USA)	8:30	Plenary Session 4
11:00	Opening Ceremony and Keynote addresses	10:30	Press Briefing 2: <u>Cleaner & Greener Air Transport</u> The European R&T Platform AWIATOR: Bringing new Aircraft Technologies into the Air SILENCE(R) - Cooperative Noise research in Europe The Significance of Propulsion Research & Development on Aircraft Emissions Power Optimised Aircraft - More Electrical Technologies as an enabler for reduced fuel usage	11:25 - 13:00	Closing Session
13:00	Official Exhibition Opening followed by Press Conference and Press Lunch	13:30	Press Briefing 3: <u>Increasing Efficiency</u> INCA- Improved NDE Concepts for Innovative Aircraft Structures and Efficient Operational Maintenance FACE - Friendly Aircraft Cabin Environment Application of Smart Materials for Aircraft Reliability Improvement: the ARTIMA project AGEFORM - Leading the way with advanced aluminium solutions for aerospace structures		
14:30	Plenary Session 1 A Vision of Future Air Transport	14:20	Plenary Session 3 The 7th Framework Programme		
15:00	Press Briefing 1: <u>Safe & Secure Skies</u> Security of Aircraft in the Future European Environment A Major Initiative of European Cooperation in Flight Safety: FLYSAFE Eurofly approach to security in the National environment: "state of the art and criticalities" The Security of the Travelling Citizen in the 21st Century European Technology Initiatives in Air Transport Security	15:00	Press Point: Aerodays 2006 Students Awards		
16:15	Media Trip 1: Diamond Aircraft	15:30	Media Trip 2: TTTech - Innovative Avionics Technology		
20:00	Welcome Reception Vienna Art History Museum	20:00	Conference Dinner Vienna Town Hall
